

# Charitable roots

Members of the Casper Tri-Delta Alumnae Chapter presented Jason's Friends Foundation with a check for \$2,600, which was made from geranium sales. The organization began selling the plants about eight years ago and has donated the proceeds to Jason's Friends each year. Tri-Delta Sorority's national philanthropy is pediatric oncology. Jason's Friends is a non-profit 100 percent volunteer organiza-

tion, which helps families of children battling various cancers. For more information about Jason's Friends, call 235-3421.
